Our 1-Day Connected Parenting Workshop will help you look beyond your child's behavior, and see what is underneath. Julianne and Rita will teach you hands on skills to respond to misbehavior and connect with your child in a powerful way.

Often traditional parenting focuses more on punishment than teaching. Punishment might work in the moment, but it can also leave you and your child feeling disconnected. Through the principles of TBRI, Love & Logic, and Theraplay Julianne and Rita will show you how to create lasting teachable moments.
